

## **Covid-testing protocol for EAWA day clients**

All EAWA day care clients must have a weekly PCR test.

This is undertaken every Monday from 10am to 11am, Or on Wednesdays from 10am to 11am at the Wheatsheaf Hall premises, Main Avenue, Bush Hill Park, Enfield EN1 1DS

OR

By a pre- booked appointment via EAWA Day Care Manager for a test at the Park Avenue Disability Resource Centre in Park Avenue, Bush Hill Park, Enfield EN1 2HL.

This too must be on a Monday or Wednesday.

In addition to this, on the days of day care attendance, each client must have a Lateral Flow Test (LFT).

A photo of the test result with the name and date of the client must be sent to the EAWA Day Centre Manager.

The Day Centre Manager has created a What's App group for this, so all photos of results can be stored.

The PCR and LFT results **must be negative** for a day care client to attend.

If a positive result is lodged, then the client must isolate in line with Government guidelines.

The Day centre manager will contact the client concerned.

All EAWA staff undergo the same regime of testing.

**New Day Care Clients** will be assessed on Zoom and must undertake the above testing process, before a trial visit can be agreed.

**Potential New Clients** can contact EAWA on [info@eawa.org.uk](mailto:info@eawa.org.uk)

Our office is currently closed; however, we are all working remotely, so, we will contact you on receipt of your email to us.

EAWA is taking new clients for the day care service that have had Covid-19 vaccines, so do please contact us.

### **Members of EAWA plus for over 50's services and Social Hub Town Centre model:**

Once the Government has decided, on 19th July 2021, about further lock down measures, we will post an update that applies to you for the Covid-19 measures.
